Complete custom packaging

Our highly knowledgeable office staff have the experience and cable intelligence to provide rapid customer service together with project input and advice.

We take pride in meeting our customers' needs by consistently fulfilling their necessary and demanding delivery and shipment schedule requirements.

WORKING WITH YOU

We manage our comprehensive UK inventory to provide flexibility to our customers' needs and demands. Bulk, pre-wound and cut-to-length options are available within our Same Day Despatch Program known as **"SDDP"**.

We also provide a Scheduled Delivery Program **"SDP"**.

This is a customer holding and bonded delivery service that supports "Just-in-Time" manufacturing needs and frees our customers with extra space to work more efficiently.

OUR TEAM

We believe passionately in the on-going training and development of our people to ensure a safe and healthy workplace. Our objective is to continuously improve standards of customer service.

PROTECTING OUR ENVIRONMENT

Cable House is committed to sustainability and has dedicated systems in place to achieve this goal, including recycling incentives. Please contact us to explore and discuss our recycling credit program "RCP".

OUR SUPPORT

We support our community with a number of charitable initiatives. We welcome any suggestions from our customers and suppliers.

UL, CSA, VDE, HAR, CPR, ISO, SAE, DNV-GL, ABS, CE, RoHS
